We purchased 201C in 2005

Upgrades since that time are:

1. Patio enclosure with 150 mph wind resistance
2. Roll up hurricane shutters in both bedrooms
3. Skip troweled ceilings
4. Upgraded kitchen cabinets and countertop
5. Vinyl plank flooring in living room and entryway
6. Upgraded master bedroom bathroom with tiled shower
7. Comfort height toilets in both bathrooms
8. New combination and steel entry door

If any questions please let us know

Thanks Jo
